### Data Recovery

Data Recovery 4 min - Feb 1, 2008 Watch this video about how data recovery works on HowStuffWorks. When businesses or individuals lose data it can be a huge deal and a big pain, but some data can be restored if catalogued and saved properly. See how Mendocino Software protects data 24/7 in this video from World Business Review.

### Hacking Harddrives for Data Recovery Part 1

Hacking Harddrives for Data Recovery Part 19 min - Aug 5, 2008 First Part to recovering data from your harddrive
